

Postdoctoral Position in Systemic RNA signal

Institute of Plant and Microbial Biology, Academia Sinica, Taipei, Taiwan

A post-doc position is available in the laboratory of Tien-Shin Yu at Institute of Plant and Microbial Biology, Academia Sinica, Taipei, Taiwan.

(http://ipmb.sinica.edu.tw/faculty_show_e.php?sid=15&catid=4).

Successful candidate will participate in projects focus on the understanding of molecular mechanism underlying RNA long-distance trafficking, particularly in development of a live image system to monitor RNA movement. Applicants must have a Ph.D. degree and proved records on molecular biology, biochemistry, or cell biology. Please send CV, a statement of research accomplishment and future career goal, and arrange at least two recommendation letters to Dr. Tien-Shin Yu.
