

Plant Biochemistry

The Division of Biochemistry (biochem.missouri.edu) and the Interdisciplinary Plant Group (ipg.missouri.edu) at the University of Missouri invite applications for appointment as a tenure-track Assistant or Associate Professor. Applicants should apply biochemical and molecular approaches to the study of plant metabolism. The successful candidate will have or will establish a research program that complements and enhances our existing strengths in plant biochemistry. The University is noted for interdisciplinary research programs including the Interdisciplinary Plant Group of > 50 faculty members in five Departments. Position qualifications include a Ph.D. in biochemistry or related field and postdoctoral training.

We offer a competitive salary and start-up package, an active doctoral program and a highly interactive, multidisciplinary faculty.

Apply electronically to biochemsearch@missouri.edu. Attach a single Adobe Acrobat PDF or Microsoft Word document that includes a cover letter, vita, a description of research plans and teaching interests, and a list of three references and their affiliation. Applicants should request letters of reference sent electronically to above email address or mailed to: Plant Biochemistry Search, Division of Biochemistry, 117 Schweitzer Hall, University of Missouri, Columbia, MO 65211. Application review will begin July 15, 2011.
