

## Plant Biochemistry

The Division of Biochemistry ([biochem.missouri.edu](http://biochem.missouri.edu)) and the Interdisciplinary Plant Group ([ipg.missouri.edu](http://ipg.missouri.edu)) at the University of Missouri invite applications for appointment as a tenure-track Assistant or Associate Professor. Applicants should apply biochemical and molecular approaches to the study of plant metabolism. The successful candidate will have or will establish a research program that complements and enhances our existing strengths in plant biochemistry. The successful candidate will contribute to departmental teaching in areas of undergraduate, graduate, or medical education. The University is noted for interdisciplinary research programs including the Interdisciplinary Plant Group of > 50 faculty members in five Departments. Position qualifications include a Ph.D. in biochemistry or related field and postdoctoral training.

We offer a competitive salary and start-up package, an active doctoral program and a highly interactive, multidisciplinary faculty.

Cover letter, vita, a description of research plans and teaching interests, and a list of three references and their affiliation required for application. Apply electronically at: <http://hrs.missouri.edu/find-a-job/academic/index.php>. Job Opening ID # 4903  
Application review will begin August 15, 2011.
