

The Graduate School for Biological Sciences

in Cologne
has openings for

10 Ph. D. studentships starting autumn 2008

Deadline for admission is July 31, 2008

The GSfBS will provide you with an excellent scientific environment and an outstanding curriculum for your doctorate. Faculty members listed below do research in molecular genetics, functional genomics, cell biology, evolutionary biology, biotechnology and biochemistry in a variety of model organisms. Details of the training and research programme can be found on the website. We invite you to apply for a position in the graduate school in Cologne, the exciting city in the heart of Europe.
