

The Schmidt lab
(<http://ipmb.sinica.edu.tw/faculty/wschmidt.html>)
is seeking a highly-motivated Bioinformatician at
the postdoctoral level for conducting Information-
driven research related to microarray data analysis.
Candidates should be ambitious to make new
discoveries in the Plant Biology field while
interacting with Mathematicians, Computer
Scientists and Biologists on an international team.

Please send an English resume and a description of
your previous research to: Wolfgang Schmidt
(wosh@gate.sinica.edu.tw). Suitable candidates
will be invited for an interview.
